RE: Executive Summary – Proposal to Delete the Clinical Nurse Leader Sequence in the Master of Science in Nursing

The Graduate Curriculum Committee approved and is forwarding for Academic Senate consideration the attached proposal from Mennonite College of Nursing for the disestablishment of the Clinical Nurse Leader Sequence in the Master of Science in Nursing.

Mennonite College of Nursing indicated that since the inception of the program there has been a steep decline in both student and employer demand for nurses prepared as Clinical Nurse Leaders. They have had no applications in the past three years and no students are presently enrolled.

The Graduate Curriculum Committee supports the proposal to delete the Clinical Nurse Leader Sequence.
