TO: Lane Crothers, Chair, Academic Senate

FROM: Gregory Ferrence, Chairman
University Curriculum Committee

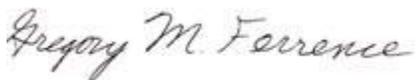

RE: KNR Proposal to Delete the Teacher Education Sequence Leading to a 6-12 Certificate

Attached, for Academic Senate review, you will find a proposal to drop the Teacher Education Sequence Program of Study Leading to a 6-12 Standard Certificate in the Major in Physical Education from the *Undergraduate Catalog*. This proposal was approved by the University Curriculum Committee on January 25, 2006.

The Physical Education-Teacher Education program, in conjunction with the College of Education, requested that the Illinois Board of Higher Education remove the sequence leading to a 6-12 Standard Certificate in May, 2005. The Physical Education-Teacher education program director was notified on September 22, 2005 of the IBHE approval of this request.

The University Curriculum Committee supports this request from the School of Kinesiology and Recreation. The full proposal with rationale is attached to this memo.

Sincerely,

GF/jr
