**Initiator Department** Mathematics

**Coauthor(s)** None

**Title of Program** Minor in Mathematics for Teacher Education

**CIPS Classification**

**Submission Date** Thursday, September 01, 2011

**Email** hjordon@ilstu.edu

**Campus Address** 4520 Mathematics

**Version** 1

**Catalog Year to be deleted** 2012-2014

---

**I. Provide *Undergraduate Catalog* copy to be removed regarding this program.**

MINOR IN MATHEMATICS

For Teacher Education:

— Required courses: MAT 145, 146, 147, 175, 211, 236, and 323. NOTE: MAT 211 and C&I 216 or the equivalent, and MAT 236 (or concurrent registration) are prerequisites for MAT 323.

— Students should consult an advisor.

The Mathematics for Teacher Education Minor does not lead directly to teacher certification. Students seeking an additional teaching endorsement in this academic area should contact their advisor or the Illinois State Board of Education Website ([www.isbe.net](http://www.isbe.net)) for specific certification requirements

---

**2. Provide a list of other programs referencing this program.**

None.

**3. Provide a rationale for deleting program.**

The State of Illinois has changed their requirements for a secondary teacher education student to be "Highly Qualified" in order to teach mathematics. Such a student can now accomplish this designation only through the secondary education sequence in the mathematics major; hence the Teacher Education sequence in the minor is no longer appropriate as it will not lead to certification at the secondary level in mathematics.

**4. Describe the expected effect of the proposed program deletion on existing campus programs.**

None. We currently have a secondary education sequence within our major which will continue.

**5. What arrangements will be made for program faculty and students?**

The program faculty are teaching in the major so there will be no changes for faculty. There are no students with this minor currently. All interested students are, and have been, encouraged to complete the secondary education sequence in the mathematics major.

**6. What is the anticipated budget effect?**

None.

**7. Yes Did this program previously count towards teacher education?****8. No Was this an Interdisciplinary Studies program?**

**9. Routing and action summary for Program Deletion:****1. Mathematics Department Curriculum Committee Chair**Shailesh Tipnis (website)
