RE: Proposal to Delete the Secondary Physical Education Sequence in the Minor in Physical Education

The University Curriculum Committee has approved and is forwarding for Academic Senate review the attached School of Kinesiology and Recreation proposal to delete the Secondary Education Sequence in the Minor in Physical Education.

The School of Kinesiology and Recreation requests the deletion of the Secondary Education Sequence in the Minor in Physical Education because it no longer plays a role in teacher certification; it is not aligned to the ISBE endorsement standards and therefore creates confusion among students who wish to become licensed to teach physical education. The deletion of this minor is in agreement with the Provost's Office desire to delete education minors from the catalog.

If approved by the Academic Senate the Secondary Physical Education Sequence in the Minor in Physical Education will be removed from the *2014-2016 Undergraduate Catalog*.
