TO: Daniel Holland, Chair, Academic Senate
FROM: Mark Temple, Chair, University Curriculum Committee
RE: Proposal to Delete the Minor in School Health Education

The University Curriculum Committee has approved and is forwarding for Academic Senate review the attached Department of Health Sciences proposal to delete the Minor in School Health Education.

The Department of Health Sciences requests the deletion of the School Health Education minor because it no longer plays a role in teacher certification. The deletion of this minor is in agreement with the Provost's Office desire to delete education minors from the catalog.

If approved by the Academic Senate the Minor in School Health Education will be removed from the *2014-2016 Undergraduate Catalog*.
