Catalog Year to be deleted 2014-2016

1. Provide *Undergraduate Catalog* copy to be removed regarding this program.

p. 145

MINOR IN TECHNOLOGY EDUCATION

— 28 semester hours of required technical core courses: TEC 111, 116 or 150, 120 or 130, 303, 304, 305, 307; MAT 108; and PHY 105.

— In order to teach, students completing a minor in technology education must complete a sequence of professional education coursework and student teaching in another teacher certification endorsement area. The Technology Education Minor does not lead directly to teacher certification. Students seeking an additional teaching endorsement in this academic area should contact their advisor or the Illinois State Board of Education website (www.isbe.net) for specific certification requirements.

2. Provide a list of other programs referencing this program.

None. All course work from TEC except MAT 108 and PHY 105. No students have taken the minor in several years and none are currently enrolled.

3. Provide a rationale for deleting program.

Required to Delete Minors in Teacher Education as per Jonathan Rosenthal email of Sept. 9, 2013.

Advising Colleagues,

Following up on the AAC TE committee meeting of last Wednesday, I would like to renew the call to eliminate all secondary TE minors from the catalog. As you know, under ISBE rules, these minors no longer correspond to endorsements on teaching licenses. As such they are misleading to students.

Please ask your curriculum committee chair to initiate deletion of these minors as soon as possible in order to meet the deadline for the 2014-2016 catalog.

Thank you.
