RE: Executive Summary – Proposal for the New Studio Arts, B.F.A. Sequence

The University Curriculum Committee has approved and is forwarding for Academic Senate consideration the attached proposal from the School of Art for a new Studio Arts Sequence in the Major in Art, B.F.A.

In conjunction with this proposal, the University Curriculum Committee approved a proposal for a new Graphic Design Sequence in the B.F.A. When adding or revising a sequence under a major, the UCC is asking departments/schools to submit proposals to create another new sequence with exactly the same requirements as their current major. In actuality, we are not adding a new program since this sequence will not require additional coursework, but will be the same curriculum that is currently under the Major in Art, B.F.A. We asked for this sequence to be established to prevent inconsistency between plan/sub plan configurations in Campus Solutions. The Registrar's office says that a lack of a second sub plan (when there is a sequence added to a major) often causes students to drop out of reports and queries.

The University Curriculum Committee supports the proposal to add this new sequence.
