Definition: A "program" can be a degree, a sequence within a degree, a minor, or a certificate. This form is to be used for both undergraduate and graduate programs.

Complete the following information:

Department: Kinesiology and Recreation

Contact person: Barbara Schlatter

Date: September 16, 2014

Proposed new program: Applied Community and Economic Development sequence in the Kinesiology and Recreation master's degree program.

(Note: if the proposed program is a sequence, please indicate the full degree it is housed within)

BRIEF DESCRIPTION OF THE PROPOSED PROGRAM

The development of this sequence is in response to outreach efforts made by the Stevenson Center for Community and Economic Development at Illinois State University with the intent of preparing students for mid to upper-level management positions in recreation, parks, and tourism as effective community and economic development professionals. Through a combination of coursework and training in the areas of management, marketing, and finance in the public and private sectors of training, research, and hands-on experience graduates will be positioned to be uniquely competitive in the job market working in a wide variety of leadership roles in non-governmental organizations, and in community, state, and federal government. Depending on individual career aspirations, completion of the community and economic development sequence in KNR prepares a student for employment in mid to upper-level administration positions in recreation, parks, or tourism agencies, and businesses.

ENROLLMENTS

In the table below, summarize enrollment and degrees conferred projections for the program for the first- and fifth-years of operation. If possible, indicate the number of full-time and part-time students to be enrolled each fall term in the notes section. If it is not possible to provide fall enrollments or fall enrollments are not applicable to this program, please indicate so and give a short explanation.
