TO: Susan Kalter, Chairperson, Academic Senate

FROM: Denise Wilson, Chair, Graduate Curriculum Committee

RE: Executive Summary – Proposal from Communication Sciences and Disorders to Delete the Bilingual Speech-Language Pathology Sequence from the M.A./M.S. in Speech Language Pathology

The Graduate Curriculum Committee approved and is forwarding for Academic Senate review the attached proposal for deletion of the Bilingual Speech-Language Pathology Sequence from the M.A./M.S. in Speech Language Pathology.

The Department of Communication Sciences and Disorders indicated that there has been very little activity in this sequence for four years and those admitted into the sequence have opted to drop it, therefore they have never had a student graduate with this sequence. The proposal has been reviewed and approved by the Department of Communication Sciences and Disorders Curriculum Committee and the College of Arts and Sciences Curriculum Committee. There are currently no students enrolled in the program and the courses within the sequence do not rely on current faculty.

The Graduate Curriculum Committee supports the proposal for deletion of the Bilingual Speech-Language Pathology Sequence from the M.A./M.S. in Speech Language Pathology
